I have a broad range of skills within design, both from my artistic background as well as my formal education and work experience.

I constantly draw inspiration from current and upcoming trends, gathering various elements that catch my eye and making them my own.

INTERESTS

FOOTBALL

RUNNING AROUND KEEPS ME SANE
Watford FC fan, holding midfielder.

MUSIC/DJ

02

CO-FOUNDER OF SOUNDS GOOD CPH
In my spare time I help to run a DJ collective in Copenhagen, throwing multiple parties throughout the year and building a culture within the city's music scene.

ART

03

GALLERY ROAMER, ILLUSTRATOR AND PAINTER
When I'm not designing for work, I like to explore the art world to keep my creativity flowing. I find that getting away from the screen to draw or paint can inspire the best ideas, especially now when being human and tangible is more important than ever.
